Prayer in the writ petition is only for regularization of additional load noticed in the building complex, where connection is given from the transformer installed by the petitioner. According to the petitioner, Municipality has not numbered some portion of the building on account of absence of Municipal Secretary. In the circumstances, respondents are directed not to raise any penal bill for unauthorized load for another one month. Respondents are directed to restore the supply for another one month and thereafter to regularize the additional load after petitioner complying with the formalities including furnishing of additional cash security, if required. If petitioner has any grievance against demand, he can file statutory appeal under Section 127 of the Kerala Electricity Act 2003. Petitioner will produce municipal number for buildings within a month from restoration of electricity supply and will comply with the formalities for regularisation of connection and additional load.

This writ petition is disposed of as above.

(C.N.RAMACHANDRAN NAIR, JUDGE.)
